

My name is [REDACTED] I call the attorneys that helped me at the , Harriet Buhai Center my Dream Team, because they worked so *diligently* on my difficult and lengthy divorce case.

Nina, was so compassionate and professional. Each time we talked on the phone she was always kind, professional and patient, Her soft spoken and, lovely accent, and the knowledge she shared with me was so appreciated and desperately needed. She never made me feel stupid for asking too many questions, no matter how many times she may have had to repeat information, or instructions.

Nora, was detailed oriented, and eagerly filled in when Nina was not available. She made sure all information and instructions were precise, and made sure that all areas were covered. She was very supportive when we met for court.

When Fred took over the case his knowledge and distinguished, professional mannerism brought everything together and perfectly completed the case. He was also able to obtain everything that were asking for. It reminded me of real law and order scene.

I received much more than just the help of filling out the proper forms. I learned details of court procedures, expectations, and how important it is to have help from a center, like the one I was fortunate to qualify for.

I could not have done it alone. And I hope that more women are able to seek the help that is greatly needed, in divorce, abuse, and other serious legal situations. No matter what their race, financial status, or personal situation may be.

And hopefully, with that help they are treated with dignity, and professionalism at all times.

Thank You,
