### **Program Overview**

Participants in this event will learn both the practice and theory to secure the return of missing children. This educational program will provide practitioners with a clear and firmer understanding of what should and should not be done to help their clients who report that a child has been abducted and cannot be found. Civil and criminal laws and remedies will be discussed as well as procedures for domestic and international abductions. There will be plenty of opportunity for questions and answers.

### **About the Speakers:**

**Deanne Castorena**, Deputy District Attorney, LA, and **Elaine Tumonis**, Assistant Attorney General, CA, are two experienced lawyers practicing exclusively in the area of returning missing children. They will provide an insider view of the tactics, peppered with seasoned advice and counsel, that an advocate should understand and utilize to succeed in this high- pressured area of family law.
